

Built for ministry. Designed to connect.

CDM+ Church Management Software

 CDM+ lets you quickly connect to the online reporting system at the Church of God International and State Offices.

Treasurer Reporting and Payments

Automate submission of your Treasurer Report to the Church of God International and State offices.

Set up automatic direct deposit payments to the State office.

Online Church Directory

Connect your members with easy to access integrated Online Church Directory.

Members can update and manage their own photos and information that saves instantly into CDM+.

Online and Text Giving

Both Online and In-Person gifts are saved together in CDM+ Contributions with no extra importing required.

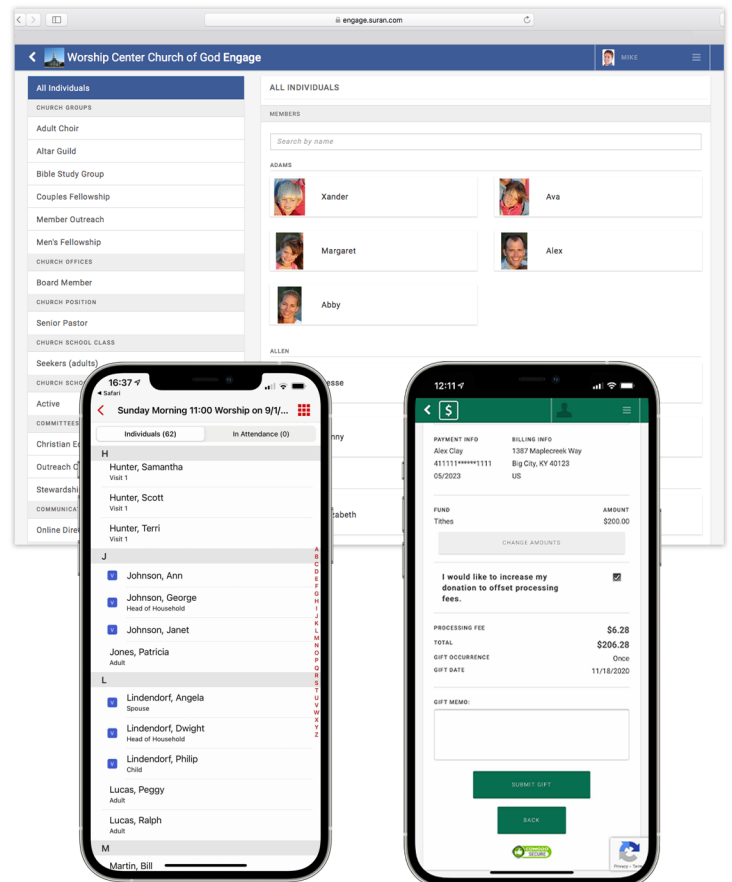

Gifts can automatically flow into your Treasurer Report.

Accounting and Payroll

CDM+ is robust, integrated fund accounting and payroll software built for faith-based organizations.

It's simple to load a database with a Church Of God chart of accounts to make daily work and reporting easier.
